

### Apple IIGS

#### #45: Parameters for GetFrameColor

Revised by: Matt Deatherage  
Written by: Dan Oliver

September 1989  
November 1988

This Technical Note formerly attempted to correct the description of the parameters passed to and returned from the routine `GetFrameColor` in the Window Manager chapter of the *Apple IIGS Toolbox Reference*. This call works as documented since System Software 3.2; therefore, former versions of this Note were incorrect.

**Changes since November 1988:** Corrected our error. Sorry for any inconvenience.

---

This Note formerly stated the following: “The *Apple IIGS Toolbox Reference*, Volume 2 incorrectly describes the parameters passed to and returned from `GetFrameColor` on page 25–57.”

However, this is incorrect. Beginning with System Software 3.2, `GetFrameColor` works as documented in the *Apple IIGS Toolbox Reference*, Volume 2. Prior to System Software 3.2, the call did not work at all. We apologize for any inconvenience this confusion may have caused.
